Electors of Victoria.

FROM AND AFTER THIS DATE MEN'S and boys' straw hats will be offered at a discount of from 20 to 25 per cent. It is early in the season for such a reduction, but circumstances make the reduction imperative. In the first place, times are dull. In the second place I have a very large stock of straw hats. The law of Demand and Supply does not seem to govern this branch of trade at all. Either there are too many straw hats, or else there are too few men and boys. Which of these theories is the correct one is immaterial. The fact remains that in the matter of straw hats I am in danger of (to use a parliamentary phrase) getting left. It is to avoid such a catastrophe, therefore, ladies and gentlemen, that I make this reduction—and make it there and immediate.

THE "COLONIST'S" ANNEXATIONIST.

The annexationist editor of the *Colonist* treats his readers in this morning's issue to a lengthy narrative of that individual's movements and actions *after* he had acquired control of that journal. The "loyalty" of the *Colonist* up to that time was beyond dispute. That journal was founded by the Hon Mr. DE COSMOS, who during his long political career, distinguished himself in battling for the rights of the people, and who, in conjunction with the late Mr. MCCLURE, and other old-timers, used their most strenuous exertions against the encroachments being made on their rights by imported place-men, and ultimately succeeded in rescuing the province from Downing street rule and influence, and giving the people that which they had so long and so valiantly struggled for—responsible government. Mr. DE COSMOS and his party were not tinctured with disloyalty. As already stated, the "loyal" articles reproduced by the *Colonist* were written after the annexationist here had been converted, and of which journal he had then been proprietor but a few weeks. THE TIMES again repeats that so tinctured with annexation had Mr. DAVID W. HIGGINS became that he resolved to have his national destiny settled by the toss of a shilling. His principles were so accommodating and so elastic that "head or tail" settled the question. Heads was to be annexation and tails loyalty; tail winning the toss accounts for Mr. HIGGINS' continued presence in the province and his ultra-patriotism. This is a fact which that gentleman communicated to Mr. HENRY HAVELOCK, for many years M. P. P. for Yale district. The fateful toss was made in the presence of Mr. WALFORD HARRIES, who was one of the proprietors of the *Colonist* prior to its passing under the control of its present proprietor. The charge then against Mr. HIGGINS was that he was an annexationist and basely disloyal to the country in which he was earning a livelihood and the flag which protected and sheltered him. In proof of this we challenge him to reproduce some of the violent, vile, scurrilous annexation articles and correspondence known to have been written by himself—which appeared in the Victoria *Chronicle*, of which Messrs. HIGGINS & MCMILLAN were proprietors. Mr. HIGGINS' benefactor, Mr. C. B. YOUNG, and Mr. J. E. MCMILLAN were likewise contributors. Shortly thereafter Mr. MCMILLAN disposed of his interest in the *Chronicle* to Mr. LOGIE, and visited San Francisco in the hope of raising the sinews of war to sustain life in the short-lived annexation sheet which he published after his return. So supreme did annexation reign in Mr. HIGGINS' mind, even after the purchase of the "loyal" *Colonist*, that the fateful mat. resorted to the "tossing" operation referred to. His conversion was then followed by violent and malicious personal attacks on the man who had hitherto so generously befriended him—Mr. C. B. YOUNG—and which led to the libel suit in which the jury mercifully acquitted the defendant, regarding the wordy combat as one between "birds of a feather" and his inability to withstand a heavy penalty.

THE MARITIME UNION.

Premier Fielding, of Nova Scotia, Says the Recent Elections Mean Dissatisfaction with Confederation.

Premier Fielding has received a number of telegrams from different provinces, congratulating him on the victory at Tuesday's elections, among the number being one from Quebec signed by a member of the opposition in the Quebec Legislature. In reply to a dispatch from New Brunswick Mr. Fielding said: "The victory in Nova Scotia means something more than the triumph of the Liberal party. It means that our province is greatly dissatisfied with the Canadian confederation, and desires the co-operation of New Brunswick and Prince Edward Island in a movement for separation from Canada and the formation of a union of the maritime provinces, the people of which have interests in common."

POLITICAL POINTERS.

Mr. SIMEON DUCK has reprinted his address to the electors in 1882 "to show how he flopped," and is circulating them broadcast throughout the city! About the only important clauses, as indicating his political position, in the mealy-mouthed production are the two which have been italicized, wherein Mr. DUCK says:

"*I shall pursue a straightforward and independant course*" &c.

"*I shall, if honored with your successful support, vote at all times conscientiously and WITHOUT REGARD TO PARTY.*"

Will Mr. DUCK kindly answer one question, suggested by the above? How can he, *as a minister*, pursue an "independent" course or "vote without regard to party"? Laying aside for the moment, all other considerations, let him explain this anomaly. We can understand that a private member of the House may vote "without regard to party," but we cannot conceive how a minister can act "independently" of himself and colleagues. The hon. "flopper" might as well tell the electors that he can lift himself by his own boot-straps.

When Col. BAKER appeared in Farwell to feel the popular pulse he was chagrined to find that it throbbed violently and uninterruttently for W. M. BROWN who was brought out as a candidate at the colonel's meeting. With the exception of one Dominion government official and another man, all Farwell will oppose the gallant colonel whose qualifications consist almost entirely of his "long tailed pedigree" and the prestige of an honored family patronymic. Mr. BROWN, a true honored citizen and a former representative, whose knowledge of provincial affairs fully qualify him for the office, will unquestionably be elected, the gaseous emanations of the *Colonist* scribe to the contrary notwithstanding.

With all due respect to Mr. GEO. W. ANDERSON'S denial that he is disqualified as a candidate for the Legislature in Victoria district, we still contend that he is, and intend to adhere to the impeachment. The law is so clear on the point, that none but a very bad and intentionally false adviser, could ever have induced Mr. ANDERSON to allow himself to be put up for nomination. Those who know Mr. ANDERSON best will give credit to the assertion that in making a false statement, when it is asserted he has complied with the law and is legally on the Victoria list. It is the corrupt party with whom he has unfortunately come in contact, who are inducing him to sway from his natural honesty. Should he have the weakness to go to the polls, of course, the blame for such an indiscretion will attach to the quarter where it belongs.

From Comox comes the "glad tidings" that the man who "always votes with the majority" will be compelled, through a combination of circumstances over which he has no control, to remain at home. Mr. STEENHOUSE already has the assurances of a majority that Mr. DINGWALL'S personal presence in the constituency during the sessions of the House, is deemed of vital importance to the welfare of the district. Comox will no longer be misrepresented; but with DINGWALL and DRAKE,—artistically *arcades ambo*—retained at home, who will relieve the tedium of the weary hours by life-like sketches of the members.

NOTWITHSTANDING the severe depression in trade in Great Britain for several years the deposits in post office savings banks continues to increase. The sum on deposit in 1881, which was the most prosperous of late years was £36,194,496. A falling off might have been expected with the decline of business, but in 1882 the amount had increased to £39,037,821; in 1883, £41,768,808; in 1884, £44,773,773, and in 1885, £47,697,838. This shows that the working classes of the country are becoming more prudent and saving.

It is the opinion of legal men that as Mr. ANDERSON, of Victoria district, had his name on two voters' lists, inside of sixty days before polling days by his own action, that he could not qualify as a "duly registered voter" so that he would have the right to vote and therefore could not be a qualified candidate.

Just on the eve of the election the *Colonist* announces that the government has awarded a contract for the construction of a wagon road to run west from Gordon Head and connect with the cross road from Cedar Hill. Is this in keeping with their statement in the last legislature that no more road work would be carried on in either Esquimalt or Victoria districts until after the 30th of this month.

Having shown that Saint DAVID entertained annexation proclivities in early days, and is still "unreconstructed" and an alien, it will be surprising if the authorities at the naval depot do not in future keep a sharp eye on him when he is in vicinage of the men-of-war and torpedo boats.

THE PROOF FORTHCOMING.

If Mr. D. W. Higgins will still continue to deny that he used the expression, "*Thank God, I am not an Englishman*," there are living witnesses in this city who are ready to prove that he did.

HONEST JOHN'S CANVASS.

He Visits Surrey and Fails to Cajole the Electors.

The Provincial Secretary is now upon the war path and woe to the unlucky politician who dares withstand the doughty warrior. Were it not that his pugnacity overcomes his prudence, and that he desires to deceive the people too completely, he would do better; but when he desires to make that support of corruption—his past record—bloom with sweet flowers and shed forth pleasing odors, he does that which any one else would do, makes it more nauseous to the public. He is not afraid of the truth. Oh! no; he passes it by like a trained horse and never even pricks an ear.

He landed in Surrey on the 17th inst., as he said in the interests of the Lands and Works Department, as *his paper* said on the campaign. All knew of his coming and came forth to meet him. The chair was taken by the Reeve at 3 o'clock and Mr. Robson, in his most plausible tones, and with his most winning smile, explained his object in calling the meeting. He was not there to canvass; it had nothing to do with the campaign; it was merely to find out the needs of the settlers (God save the mark! ten days before election.) It really had nothing to do with the campaign, that was an unfortunate mistake of his brother and he was not responsible for it.

A list of the most needed roads, etc., in the settlement was then made out by those interested and presented to him. He was urged to promise some help to those which most need it, but no, he really couldn't. He would almost promise but he couldn't exactly do it. No money was available till after the first of July, and he couldn't promise till after that date, but vote for Smithe, Robson & Co., and it would be *all right*. This was a lie as shown in his visit to the next settlement, Langley, where he gave them liberty to go to work immediately and expend one thousand dollars on the Langley trunk road, and as much more on the other roads of the municipality.

And then he said he would address himself for a *few* minutes to politics, as he had such a splendid opportunity, and with that he gave himself for an hour and a half to expatiating on the beauties and beneficence of the present government. He pointed out that there was a hundred thousand dollars of dry dock refund still to be spent if the Smithe government stayed in power; that the Eagle Pass give away, the Kootenay steal, the Coal Harbor job, were but the just provisions of a beneficent government; that the coming crisis in British Columbia needed *statesmen* at the helm of the ship of state, and therefore it was just, necessary, and right that *every* vote should be cast for him and his supporters. But all his mighty effort awakened no response in the breasts of the people, and he sat down in almost total silence.

It so happened by good luck that Mr. Orr was present, and had listened with patience to the excuses and fabrications of Mr. Robson. At this juncture the latter thought it were well to hear from him also. He began calmly and dispassionately to tell how he had agreed in making Mr. Robson provincial secretary; that in the measures which had been for the good of the district he had helped with all his power. Yet he had never been consulted by Mr. Robson once and the hon. gentleman till this day had never even called him his colleague.

And then came his time to attack. He exposed the dry dock refund lie. That according to Mr. Robson's *own* statement the province was at *least* $150,000 in debt; that according to Mr. Duck's statement on the floor of the house (a statement at first denied, at last agreed to) that refund had been paid into the general revenue and expended all round. Where, then, was that extra $100,000 to come from, unless it was borrowed and so become a debt to be paid back or else abstracted from the Island's share of the general revenues. A likely thing with Island members in the majority.

One thing leads to another, and when Mr. Orr spoke of Mr. Robson's glowing speech in favor of another member for Cowichan (a speech we don't forget) an ominous smile was seen on the faces of those present. Then he went on to speak of the danger and folly of electing those whose interests are at Victoria and elsewhere on the Island to mainland constituencies, and asked us how we expect to see a just government when we had such a cabinet as at present: Smithe of Cowichan, Duck of Victoria, Davie of Victoria, and Robson of Victoria!

I cannot set down all the telling points he made. Suffice it to say that when he sat down he was cheered again and again, for the people here are not so stupid as to take counterfeit coin for the genuine.

There were two or three bouts between the gentlemen afterwards, in which Mr. Robson, foiled in politics, attempted to blacken his opponent's character in a most dastardly manner. He tried to squirm out of the accusation that his interests were at Victoria, by saying that all he had there was a *little* house.

But in justice to your paper, I must close. It is safe to say, however, and it will be corroborated by those who were present, that had Robson not come here, or even in coming, had he not spoken, he would have ten votes where now he will have one. The people are tired of his favoritism, of his open and uninterrupted bribery, and his wanton destruction of mainland interests in favor of island ones, and in the approaching contest it is certain that Mr. Robson will be elected—to stay home.

PETER PODSNAP.

SPORTING ATTRACTIONS

In the Canadian court at the Colonial and Indian exhibition, the Hubbard game trophy continues to attract general attention. The *Canadian Gazette* of London, Eng., just to hand, says: "The Hubbard game trophy continues to effect the practical good of which we recently spoke. Within the last few days two further parties have arranged to leave shortly for sports in the Northwest and in British Columbia." This is encouraging news. The field which Canada presents for genuine sporting can scarcely be excelled, and these visitors may not only prove desirable patrons while here, but may return with good accounts of our Western country, to which it is desired to attract suitable settlers. At all events this information points again to the good which the Canadian exhibits as a whole are calculated to do.

The flow of emigration from England to Canada continues to be large. The *Canadian Gazette*, of London, England, of the 3d instant, contains it is announcement: "A party of seventeen young men left for Canada last week, under the auspices of the Young Men's Christian Association. This is, we believe, the twelfth consecutive weekly despatch of this nature." It is understood that most of these will follow agricultural pursuits.

LETTERS TO THE EDITOR.

THE SITUATION.

TO THE EDITOR OF THE TIMES:

SIR,—The time is fast approaching when it will be incumbent on the electors to exercise their right of saying who shall govern them for the next four years. There is only one step between freedom and slavery, which consists in the will of the electors to select a choice of either condition.

That the present reckless and incompetent administration has not only been sustained by a system of slavery and corruption, but has at the same time succeeded in irrevocably enslaving the people, but few will deny.

The only excuse they have to offer for their many acts of mal-administration, is a reference to the short-comings of a former government upon which the people years ago passed judgment. Their condition must be desperate indeed, when they have to fall back on such a frivolous defence. During the short period they have been in office the province has been plunged over head and ears in debt. Large overdrafts have been made at the bank, without the authority of the legislature or of the country, and at the close of the last session they had to employ their slavish majority to grant them power to load us with $300,000 more. Every person who owns an inch of real estate should keep an open eye on the financial condition of the province. Remember the special tax imposed on all the real estate in the city by the corrupt Elliott faction, which was swept away on the return to power of the Walkem government in 1878. It must not be forgotten that the present government came into power under the most auspicious circumstances. The public lands had not been alienated; the finances of the province were in a healthy condition, and the C. P. R. had just been fairly commenced on the mainland. The prosperity the country experienced during the last four years, was what would very naturally result from the expenditure of six or seven million dollars annually, of Mr. Onderdonk's money, and was in no way due to the control of affairs by the existing local government. But now a change has come, and a period of depression is keenly felt. The supply of public lands is exhausted, every other available source of revenue is strained to its uttermost; the finances of the province are in a deplorable condition, and the railway on the mainland is completed, while that on the Island is being built by Chinamen.

These are matters which should command the serious consideration of electors before depositing their ballots for supporters of the present government, whose only policy seems to be, to sink the province deeper and deeper in debt while the vultures of office roll in luxury at the public crib.

TAXPAYER.

HOME RULE.

Gladstone and Morley's Statements at Various Scotch Centres Criticised and Applauded.

T. W. Smalley's London cable of the 24th says: Gladstone is back after his Scotch campaign, which a good observer describes as short, sharp, but not decisive. Edinburgh and Glasgow gave him magnificent receptions. His friends are delighted to discover that his voice has stood so much strain without serious injury. Gladstone himself was delighted by the continuous demonstration of affectionate admiration wherever he went, but the political result of this remarkable effort is dubious. The public mind is perhaps more bewildered than enlightened by his three eloquent discourses. Gladstone meets criticism on the Home Rule and land purchase bills by saying that both are dead for the moment. To the question, "What do you offer the country in their places?" he answers that the only thing that survives is the principle of self-government for Ireland. But Morley says that the main consequences and conditions of the bill, as well as the principle of Home Rule, are alive, and declares that he never will be a party to creating an Irish legislature with power to settle the land question. The English and Scotch public, therefore, find themselves in this dilemma. If they accept Gladstone's statement of the issue they must reject Morley's, and vice versa.

GOSCHEN AT NEWCASTLE.

Goschen, who spoke at Newcastle yesterday, brought out the conflict between Gladstone and Morley sharply, but not more sharply than some of the leading Home Rule papers in England. Gladstone and Morley, for all Home Rule purposes, are the cabinet, and their present declarations as to what Home Rule means are irreconcilable. One Home Rule journal sorrowfully protests that the election is lost unless Morley be disowned.

HAVE THEY DESERTED HIM?

The *Scotsman* describes Gladstone as ungenerous in dealing with his opponents, evasive as dealing with facts, and disingenuous in the region of prophecy. The uncompromising tone of the leading Scottish journal faithfully reflects the opinion of the better classes in Scotland. They used to throng the platform from which Gladstone spoke; now they are absent. But Gladstone has apparently carried with him the great body of the Scottish people. That means a great deal, for the body of the Scottish people are far more intelligent than the English. An appeal to the Scottish Democracy is more like an appeal to the American Democracy.

THE PROSPECTS.

The election prospects are, if anything, more favorable to the Conservatives and Liberal Unionists. Efforts to prevent collision have succeeded in reducing the number of seats, where Tories oppose Unionists, from eighteen to eight. Tory managers profess themselves confident of the election of 400 anti-Ministerialists. Gladstonians ridicule this prediction, but offer no sanguine estimate of their numbers.

The chief stroke of luck the Ministerialists have had this week is Lord Randolph Churchill's manifesto. Churchill put the case against Gladstone's Irish policy lucidly and vigorously, but his scandalous personalities are worth thousands of votes to Gladstone. Every Tory one meets deplores his indiscretion.

Brandy City is the name of a new town in California. There are also natural soda springs in California. The two things may have no natural connection, but if they should ever connect!

Government circles in Ottawa are talking of a mysterious present of diamonds, valued at a large amount of money, sent anonymously to Lady Macdonald through the agency of the express company. The latter refuses to divulge the name or names of the donors, and Lady Macdonald is at a loss to know what to do with the jewellery.

To-day's Despatches

CHAMBERLAIN AND MORLEY.

LONDON, June 26.—Richard Chamberlain, M. P., attempted to address the electors of West Islington last night, but was not allowed to speak. He was met with cries of "traitor," and the platform was stormed. Chamberlain and his friends escaped through the back door.

John Morley, speaking at Newcastle last night, said that the defection of Bright was the most painful incident of the electoral campaign. While he would ever revere Bright as one of the purest of English statesmen, he must say that that gentleman's defection would not abate one jot or tittle of the policy adopted by one intellectually as great, and in political grasp and foresight greater, than Bright.

STRIKERS IN POSSESSION.

CHICAGO, June 26.—Shortly after 12 o'clock the Lake Shore officials took an engine out of the round house at 43rd street, and attached two caboooses and started out toward Englewood. There was a large and excited crowd at Forty-third street, supplemented by a large number of idle men and boys. In the caboose were a number of the town of Lake police and Pinkerton's police. The train moved very slowly, and was followed by a large and excited crowd, who threw missiles at the men on the moving train. Following the Lake Shore engine was an engine of the Milwaukee and St. Paul road, and one belonging to the Nickleplate Company, which had been switching cars in the vicinity. The strikers boarded these and coupled them together and started to chase the train carrying the police and Lake Shore officials. The speed of the train was at once increased, and the locomotives boarded by fully one hundred excited men, were seen approaching. The first locomotive of the strikers ran fairly into the caboose, when the police fired a number of shots, and it is believed three of the strikers were wounded. Some of the latter fled and the police, their train having slowed up, also ran toward Englewood. The strikers then coupled on to the police train and brought it back to Fortythird street yards. The mob appears to be in complete control of the railroad company's yards and property outside of the city limits.

DAVID DAVIS DEAD.

BLOOMINGTON, Ill., June 26 David Davis died at 6 o'clock this morning. He sank into a comatose state twelve hours before the end and passed painlessly away, surrounded by his family.

During the early part of last evening he appeared to be failing, and it was felt certain he would not live through the night. At 11 o'clock he revived somewhat and was given milk and stimulants in small quantities. The effect was for the worse, however, for he at once relapsed into a comatose condition. His pulse became very feeble during the succeeding three hours and he failed gradually, his respiration growing weaker, until the end came. The cause of Davis' death was Bright's disease of the kidneys, aggravated by weakness, a condition of the system dating from the time when he became afflicted with a carbuncle. His last hours were calm and peaceful.

CHILIAN ELECTION.

VALPARAISO, June 26.—Elections for President of the Republic passed off quietly yesterday. It is claimed that the clericals and radicals abstained from voting and the popular candidate Senor Balmaceda, is elected.

PANAMA, June 25.—Advices from Chili show that 21 persons in all were killed in the election riots. Reports state that on the first day 11 persons were killed and several wounded, and on June 15, forty more were killed. At Santiago the hospitals are filled with wounded.

DISCHARGING KNIGHTS.

STONEHAM, MASS., June 26.—Fifteen of the shoe firms here are discharging men daily, the bosses telling the men that work is so dull that they will not need them for five or six months to come. Most of the men who have been discharged are members of the Knights of Labor and were prominent in the late strike.

FINANCIAL.

NEW YORK, June 26.—The weekly bank statements show a reserve decrease of one million, one hundred and fifty-seven thousand. Banks now hold fourteen million three hundred and fifty-four thousand dollars in excess of legal rule.

The stevedores loading the steamship Sardonyx at San Francisco struck for 55 cents an hour and the captain had to consent to the demand.

GLADSTONE IN MANCHESTER.

Mr. Gladstone addressed the Manchester electors in the Free Trade hall held on Friday afternoon. He spoke for an hour and twenty minutes, and was received with indescribable enthusiasm. The streets were literally packed with people. When he appeared on the stage the whole house rose in one outburst of enthusiasm, the cheering lasting three minutes. Gladstone began by lamenting that the Irish question had been so much associated with doubt in the present controversy. This resulted in many losses to the government; and opponents would not let Bright alone; for he was too valuable a man. After again challenging Chamberlain to produce his marvelous land scheme, by the side of which the government scheme dwindles into insignificance, and again challenged Carnarvon to divulge what he said to Parnell, and as to whether he informed Lord Salisbury of the interview. He said, in conclusion, that the Irish demands were reasonable and moderate; and that their opponents had been ungenerous samples of men of other countries in Europe.

THE LIEUT.-GOVERNORSHIP.

We observe by our eastern exchanges that the name of the Hon. Mr. Justice GRAY has been mentioned as a gentleman likely to receive the coveted appointment of Lieut.-Governorship of British Columbia, on the retirement of Hon. Mr. CORNWALL from the gubernatoral chair. Were lengthened services in his country's behalf to weigh in considering and making such appointments the claims of Hon. Mr. Justice GRAY certainly could not be ignored. In New Brunswich for many years the hon. gentleman occupied a foremost position amongst the leading men of the day there. Mr. Justice GRAY, known to many New Brunswickers now in this province, half a century ago as JOHN H. GRAY, was called to the bar in 1837. A sound lawyer from his youth his career was a brilliant one. In 1853 he was created a Q. C., besides which he received the degree of D. C. L., from the University of New Brunswick in 1856. He is likewise a member of the Nova Scotian and Ontario bars, and held many distinguished positions in New Brunswick as a *nisi prius* counsel. Upon the urgent solicitation of friends he entered the political arena and in a short period was one of the foremost of that province's talented men. As early as 1851 he was a member of the Executive Council, in 1856 Attorney General, and at the time of union in 1867 he was Speaker. Previous to his taking an active part in bringing about Confederation, he had served on many important commissions relating to his own province, as well as serving as umpire between Britain and the United States under the Washington treaty of 1857, for the discharge of which duties he received the thanks of Her Majesty's Sec. of Foreign Affairs, Lord John Russel. He held a seat on the commissioners board to settle the tenant right question in Prince Edward Island. Was a delegate at the first Union conference held in Charlottetown in 1864, was arbitrator between Upper and Lower Canada for the division and adjustment of the debts of these provinces involving a sum of $10,500,000. In the Commons of Canada, after confederation, he occupied an equally distinguished position as in New Brunswick, holding a seat in that body from the union to 1872, when he was appointed Judge of the Supreme Court in this province. On his arrival in British Columbia, he set at work to introduce much needed reforms in connection with the judiciary, the administration of justice and the practice of barristers. His numerous public acts are of that character that our limited space forbids a detail thereof in full. It will suffice, however, to state should the appointment be conferred on Hon. Mr. Justice GRAY he will be found to be in every way a worthy occupant of the gubernatorial chair. He is thoroughly versed in the political and constitutional history of every province in Canada; is sound jurist and withall a most hospitable generous gentleman.

THE TRADE OF THE PACIFIC COAST.

Following up our remarks in a recent issue, we give these further particulars of the trade of this coast. The total shipments of wheat from San Francisco last year were 11,842,242 centals; of that 11,678,752 were to England, the only other ports to which any quantity, worth mentioning, were shipped, being France 79,042 centals and New York 46,500 centals. The shipments of flour were 1,298,160 barrels, of which 647,588 barrels were to England, and 438,173 to China. The shipments in San Francisco are not tabulated in months, as in the Portland Board of Trade returns, so we cannot say, so exactly, as in these, that the whole, or almost the whole, were made when Canadian ports would be closed, and that therefore similar products of the great Northwest must come this way; but we can say in what months the wheat was not shipped, that is, less than 25 per cent. was shipped from July 1st, to January 1st, showing the great percentage would be as in the case of Portland in the winter months. There can be little doubt British Columbia can take a great deal of this trade from California, or rather, supposing it retains its trade, we can build up a similar competing trade of our own. A lugubrious statement in the San Francisco *Report* supports this idea. It is as follows:

"A Commission appointed by Congress is now working up statistics, and visiting the west coast of Central and South America, and, in their preliminary report they show that while the manufacturers of the United States have been compelled to work on half-time or shut down entirely, England is selling millions of dollars' worth of goods (that we can produce quite as cheaply) under our very noses. The same goods—the same in price, and usually better in quality—might have been purchased in the U. S. were it not for the fact that the carrying trade has been in the hands of Englishmen who have brought the raw products of South America to the ports of the United States to sell for cash, and gone to Liverpool to buy a return cargo. This triangular trade has resulted in a balance against the United States during the last twenty years equal to about two-thirds of our national debt. The commission has prepared a table, giving the trade for twenty years with all the independent natsons of Central and South America, which shows the excess of imports to have been nearly $800,000,000 during that time.

It would have been more manly to say England is a free trade country and has return cargoes for her exports. The states wish to export only and not to import; therefore they cannot have the shipping; however they admit that the possession of good lines of steamers to the English colonies would benefit their trade. British Columbia is to have these and good lines to China and Japan. The prairies of the west can excel California in raising wheat. We can grind more cheaply than it can because we have cheaper fuel. We shall have the lines of communication and some day we may waken up to a different trade policy. These figures should silence the political grumblers among us, and others who may be given to support them. For instance California sent eastward by rail 38,338,750 lbs. of wool last year. The Islands on our coast are peculiarly fitted for raising sheep, and the Canadian Pacific Railway will take the wool to a market.

AN UNWORKABLE SYSTEM.

However and whenever the Irish question may be settled, it is obvious that the tactics so steadily pursued by the Parnellites have devolved an entirely new departure in English political warfare, which must in the end overthrow socalled "responsible" government. They have shown that it is possible for a comparatively small minority in Parliament, by combining to vote as a unit, irrespective of party lines throwing their weight now on this side and now on that, to destroy the stability of administrations and block legislation. Their example is sure to be followed by other sections, such as the prohibitionists, labor reformers, woman suffragists, and other minorities who have measures to carry, which they regard as of more importance than the party issue. The large extensions of the suffrage will have atendency to develop and strengthen these minority parties. Responsible government cannot be worked with any measure of success outside of the main party organizations who are ready to combine with either, as opportunity offers, for carrying out their special aims. As matters stand, there is no party which has a working majority in parliament, and it is quite probable that a general election, though it may decide the Irish question, will still leave matters in much the same shape, so far as regards the carrying on of the administration, as the Tories are likely to be in a minority, while the split in the Liberal ranks bids fair to be permanent. A change in the constitution to secure some measure of permanency for the administration, instead of leaving it to the mercy of chance combinations and shifting currents of popular opinion, will become imperative.

NOTES AND COMMENTS.

THE determination of the Tories to oppose Mr. Gladstone in Midlothian after the refusal of the Paper Unionist Liberals to oppose him, shows poor tactics. The address of the Tory candidate to the electors of the constituency in which he sneers at Mr. Gladstone's weight of years, and uses his age as an argument for his defeat, is in still worse taste. The opposition is purely factious and is made with the sole purpose of harassing the premier personally and of putting him to useless trouble. The expense will fall upon the Liberal electors of the riding in accordance the plan in Midlothian, whereby Mr. Gladstone is free from all personal expense in consideration of the honor he does the constituency by contesting it. These Scotch electors will be determined to have their money's worth by given him the largest majority possible. At the last election they gave him 4,631 majority, out of 11,000 votes polled, or a majority actually larger than his opponent polled votes. This is about how the result will be next time.

LORD ROSEBERRY, Gladstone's lieutenant, is again doing yeoman service for his chief in Scotland. At a crowded meeting in Glasgow last night, the noble lord said "Union and Liberty" must be the watchword of the Liberal party. A most fitting battle cry. Gladstone's policy to give a full measure of Home Rule to Ireland, such as we in Canada enjoy, is calculated to cement a real union between the two islands, and to do away with the bogus variety that has done so much to cause trouble in the past.

QUEEN Victoria has evidently determined to take the hint of some of her advisers and move more among the people than has been her custom since the Prince Consort's death. She has already returned from Balmoral, and in a few days the neighborhood of London will be reviewed by her, and in August, prior to her return to Balmoral she will make a public entry into Edinburgh, hold a reception at Holyrood, and visit the Industrial Exhibition now in progress at the Scottish capital.

Intelligence has been received that Sir Charles Tupper will resign the commissionership and run for the English House of Commons.

It is reported that a short session will be held in October or November and that the general election will take place immediately afterwards.

The directors of the Winnipeg & North Pacific Railway are pressing their claims for a land grant.

CONTENT.

The world is bright, the world is fair,
Sunshine and gladness everywhere;
Fresh winds laden with sweetest sound,
Summer sheds joy on all around.

They tell me there's a lovelier wood,
Yet nothing seems to me so good
As this dear nook on such a day,
Where I may pass the hours away.

They tell me ferns are lovelier still,
Down by yon babbling little rill;
Yet nowhere do I think them sweet,
Save in this spot beneath my feet.

They tell me there's a fairer maid
Lives in the cottage in the glade;
I answer, that my love to me,
Shall always true perfection be.

Here have I gazed upon her face,
Her form has hollowed all this place,
And she has loved these ferns with me:
How can such beauty elsewhere be?

The world is brightest, fairest here
To me, because my love draws near;
All nature filled with sweetest sound,
Her voice gives joy to all around.

QUACK!

QUACK!

A $50,000 DUCK.

Every man ought to be aware that, as soon as he places his ballot in the box for Mr. Duck, he is actually voting to run the country $50,000 more into debt.—"Colonist," Feb. 9, 1876.

How true did the then supposed-to-be honest *Colonist* guage its bird! *Deficit of $129,454.23 on the 31st of December, 1885.*

QUACK!

Mr. Duck a Hen.

The Duck sat as quiet as a hen on her nest and said—nothing! The Workingman's candidate, indeed! The Workingmen's interest that Mr. Duck looked out for were—Mr. Duck's.—"Colonist, Feb. 11, 1876.

QUACK!

Mr. Duck a Recreant.

And it is Mr. Duck and not Mr. Elliott who will come before the constituency in the character of a recreant. It is true that money has been flown broadcast. In that the late Government were too successful, and rumor says that no inconsiderable portion of it fell into Mr. Duck's furrow.—"Colonist," Feb. 10, 1876.

HISTORY REPEATS ITSELF.

"'Tis true, 'tis pity and pity 'tis, 'tis true.

QUACK!

Mr. Duck a Schoolboy.

Mr. Duck's speech had evidently been carefully "memorized." The sentences were of extraordinary length, and his manner was that of a school boy, having been wound up for examination, unreels himself in the presence of parents or guardians.—"Colonist," Feb. 18, 1876.

Did the "Colonist" foreshadow the side-splitting farce entitled: *"My Budget Speech, or What I know about figgers."*

QUACK!

"Bartered his Independence!"

Mr. Duck fed sumptuously at the public table and always opposed the PUBLIC WHISK BOUNTY HE ENJOYED. From the day that Mr. Duck BARTERED his independence for Government blacksmith work HIS USEFULNESS TO THE COUNTRY CEASED.—"Colonist," Feb. 18, 1876.

Confession of an honest soul, and true every word of it. *You know how it is yourself, St. David!*

QUACK!

Free translation from Hindoo proverb: *"You can't make a whistle out of a pig's tail."*

QUACK!

A Decoy Duck!

It is too bad that the ex-Chief Commissioner should insist on holding up Mr. Duck as a mark to be shot at. Mr. Duck has no hope of success.—"Colonist," Feb. 9, 1876.

This world does not go by contraries. The HONEST *Colonist* opposed *the then* HONEST DUCK, and he was elected. WILL HE BE DEFEATED BECAUSE THE SAME PAPER NOW SUPPORTS HIM?

QUACK!

Mr. Duck an Ostrich.

If Mr. Duck can swallow and digest them, he must have a stomach like an ostrich, which is said to be able to digest scrap iron and brass.—"Colonist," Feb. 10, 1876.

St. David, thou art almost entitled to be reckoned a prophet. Scrap iron and brass once did satisfy your duckling protegee. The bribe of $3000 a year, and incidentals, in glittering gold, was more than he could withstand. Gold, solid gold, did it. He swallowed and digested all his previous professions, St. David, thou did'st guage him correctly. Mr. Duck has a stomach like unto that of an ostrich—for gold, solid gold.

QUACK!

Mr. Duck's friends are principally to be found in rings, in monopoly, cliques, and amongst those who have gorged themselves at the people's expense.—"Colonist, Feb. 21, 1876.

ROMANCE IN MEXICO.

THE MANY CONDITIONS WHICH LEND SPEED TO CUPID'S SHAFTS.

How the Mexican Lover Courts at Long Range—"Playing the Bear"—Bombarding the Lady's Heart With Huge Bouquets of Flowers—The Betrothal.

The weather is delightful here. The evenings are mild. With the moon at the full, the sky cloudless and serene, a balmy breeze blowing from seawards, nothing is finer than to sit and smoke in the open corridors of the hotel, or stroll in the patio and gaze at the spangled vault above. These large interior courts of all Mexican houses, often planted with tropical flowers and fruits, give a sense of security and seclusion particularly favorable to an evening walk. No wonder the little god of love entrenches himself in these enchanting retreats, and delivers his feathered shafts with unusual success. The truth is, the climatic conditions that obtain in this sunny land are dangerously conducive to the tender passion. Never were there lover's moons as now shine nightly above our heads. Never did zephyrs so seductive and stimulating fan mortal cheeks. Never was the scenery more charming than this of the mountain girt valley, and the majestic volcanoes looking calmly down from their snow-clad heights. The very air is so full of ozone that it necessarily inclines the heart of youth and beauty to thoughts of love.

THE MEXICAN MAMMA'S WATCHFULNESS.

The Mexican mamma is fully aware of this, and the black-eyed senoritas are not allowed to walk arm in arm with their lovers in the gardens, parks, and places of public resort. The atmospheric conditions are too intoxicating to the passions. Temperance in love is a virtue as diligently enforced in Mexico as temperance in drink with us, and with about equal success. The Mexican lover is denied the interior of the house where lives his inamorata altogether. If inclined to assume this time-honored role, he proceeds in a totally different fashion from his cold-hearted neighbor of the north. To manifest his preference for a particular fair one, he gravely paces up and down in front of her house—"playing the bear," as it is called. He is dressed in his very best, a glistening silk hat on his head and a dainty bouquet in the buttonhole of his coat. The senorita, catching a glimpse of his manly form through the close blinds, soon appears on the balcony with her sisters and lady friends.

The street is dusty, the pedestrians crowd and jostle by, the distance intervening between the amorous pair would discourage a northern Romeo, but the pent up fires of the Mexican's heart made themselves felt despite such obstacles. There are no whispered words, gentle hand pressures, and kisses caught on the wing in Mexican courtship. The tropical temperment of the southern does not admit of liberties harmless enough among the races of chillier blood. While "playing the bear," he is not idle in other respects. By the judicial use of money he has won the good will of a confidential servant of the house, and through this medium bombard's the lady's heart with huge bouquets of flowers, as fine as his purse will allow him to buy. The language of flowers is known and more largely utilized in this country than anywhere else. Perhaps in their kindly shelter, he conceals a perfumed note, to which the pleased protestations of the fair one, reported by the servant, will be his only response.

AN ATTENUATED LOVERS' PARADISE.

If it is the opera season it is his pleasure and his duty to place a box at the disposal of the senorita, not to be occupied by himself!—Oh no! but by the father and mother and family friends. The lover seats himself in the pit, at a proper distance from the box, again arrayed in his best. A decorous bow as he takes his seat, another when he leaves, and a play of eloquent glances between, is the only draught of love that iron custom allows. After the theatre all repair separately to the restaurant, the lady and her friends sitting at one table, and he and his friends at another, but he is allowed to settle the bill for all. Perhaps this rifle-range method of making love continues for a year or two, with nothing more favorable to real intimacy than an occasional dance together at a ball, or a carriage ride in company with mamma, or a faithful attendant—a lovers' paradise so very attenuated that it is doubtful whether a beef-eating American could long survive in it.

But love crosses oceans and laughs at bolts and bars. Real progress is made, and at last the suitor ask to see the parents and is admitted, perhaps for the first time, into the house which he soon hopes to call "home." He states his love for the daughter, the prospects financial and otherwise upon which he bases his ability to marry, and asks for a formal recognition of his rights. The daughter is summoned and allowed bashingly to indicate her preferences, and the bethrotal is formally sanctioned. Even the conventional rules keep the lover almost a stranger to his sweetheart. Not till the priests have sanctioned their union with the rites of the church are they allowed free and unrestrained social intercourse.—Mexico Cor. Cleveland Leader.

Adam Forepaugh, the Noted Showman.

Adam Forepaugh is a Pennsylvania Dutchman, whose family originally spelt their name Forshaugh. He is a stubborn, hard-working, self-willed man, who has earned his fortune by the hardest kinds of knocks. He has an only son and a new wife, and brick houses enough in Philadelphia of his own to make a small city; writes a worse hand than ever Horace Greeley did, and is a millionaire. Forepaugh had few early advantages, but is a man of native shrewdness and great common sense. He never invests in any outside speculations, and when he buys a piece of land, immediately puts a row of regulation Quaker City dwellings on it, with the marble steps, window capings, etc., thus avoiding the chance of ever becoming real estate poor. While wealthy, he cares nothing for society, belongs to no clubs nor meddles with politics. Is a constant theater goer and enjoys the play. As a butcher boy he fought his way, and he has rather enjoyed his many contests with Phineas T. Barnum, of Bridgeport. Barnum is unlike Forepaugh, he was once an editor, is a good writer and entertaining lecturer, seeks social recognition and has political aspirations.

Photographs of the Internal Organs.

Instantaneous photographs of the hearts and intestines of various animals have enabled Dr. W. G. Thompson to determine the actions of the organs more clearly and accurately than is possible by other methods. Such photographs may prove of great value in showing changes effected by drugs, as well as in their physiological teachings.—Arkansaw Traveler.

A Definition of the Term.

I receive a good many anonymous letters, some complimentary, most, however, the reverse. Amongst the latter, the following is amusing and not wanting in cleverness:

"You call yours elf a Radical. Does your definition of the term agree with mine? 'Radical,' take away the letters 'liar' and you are left with 'cad.' A Radical, therefore, is composed of a liar and a cad."—Labouchere in Truth.

To the Electors of

Esquimalt District.

GENTLEMEN:—

In again offering myself as a candidate for your district, in conjunction with Mr. Helgesen, I wish to point out that the result of the present election is a matter of much greater importance than appears to be generally understood.

During the past four years the province has been nominally governed by the Smithe ministry, but in reality by Mr. Dunsmuir, to the injury, not only of the farmers, traders, and workingmen, but also of the smaller capitalists.

A striking example of this is found in the failure of the ministry to exclude Chinese labor from the Island Railroad, in spite of their pronounced anti-Chinese utterances, when seeking election in 1882.

The impropriety of allowing a gentleman holding an enormous contract with the province to control the legislature is so obvious that it requires no demonstration.

The terms of the Island Railway contract have already been modified in favor of the company; and, with a pliant legislature, further concessions, still more disadvantageous to the public may follow.

Never before, since responsible government was introduced in British Columbia, has the public welfare been systematically sacrificed to forward private ends, as has been the case under Mr. Smithe's regime.

Receiving an exceptionally large revenue, the present administration have yet contrived to increase the provincial debt, and by reckless expenditure, simply with a view to catch votes, have wasted the revenue they controlled.

If the working men of our Province really hope to see any effective legislation on those subjects which principally affect their interests such as a Mechanics' Lien Law, a Workman's Protection Law, now is their opportunity. They should unitedly support, by their votes and influence, the opposition candidates; and if on the other hand, by bringing forward a multiplicity of candidates, they divide the voting power, the effect will be to leave them—as they have been during the past Parliament—without power in the Legislature.

In Mr. Helgesen, the district has a well-tried friend, whose sterling integrity gained for him the respect of both sides of the late House; and should I be returned with him, your interests will always command my fullest attention.

J. ROLAND HETT.

TO THE ELECTORS OF

Cassiar District.

GENTLEMEN:—

As you are again called upon to select a representative to attend to your interests in the Legislature, I offer myself as a candidate for that honorable position, at the request of a number of electors, and respectfully solicit your support and votes.

I am opposed to the general policy of the present Government; fully believing that if they should be retained in power for another term, their past practice of frittering away the people's money for the purpose of buying votes, by unjust discrimination, will ultimately end in heavy indebtedness and consequent increased taxation.

The government having had a largely increased revenue, principally augmented by land sales thereof, have so manipulated the public monies that the full benefits which ought to have accrued to the province, have not been realized. The debt of the province consequently has been largely increased, without any corresponding benefit.

As the Government have alienated very large tracts of the public domain, without the country receiving an equivelent, there is not any guarantee that they will not pursue the same policy in the future.

The whole conduct of the government, during the last four sessions, has proved conclusively to unbiased, thinking men, that they really were not possessed of any real defined policy, but moved from day to day as a few of their servile followers and dictators indicated.

In the matter of the Settlement Bill they acknowledged that they could only deal with the propositions which it contained as dictated by the Dominion Government, stating in the Legislature, when the bill was before that body, that they were not allowed to make any alteration in the smallest matter, but that our Legislature had to accept or reject it as it was, clinching that position with the statement that the local powers could not even change the stroke of a "t" or the dot of an "i." Was this not very humiliating?

The conduct of the premier, in divulging the intended action of the Executive, is in itself a crime of that reprehensible character, which ought to consign him and his government to oblivion for ever.

As the future prosperity of this Province depends largely upon wise legislation, I am of opinion that a scheme should be perfected, with the object of enabling those to reclaim agricultural lands who may not have the means to do so. A plan of this kind having obtained elsewhere, with beneficial results, — and if carried into effect would enable our farmers to supply the wants of this country; thereby keeping the money among ourselves which now goes to our cousins across the line.

Knowing that one of the most important of our latent resources is quartz mining, a scheme ought to be promulgated which would tend at once to its development.

Seeing that British Columbia owes so much to her placer mines, the Government ought to be instructed to encourage a search for new fields, by offering a bonus by way of a percentage to the discoverer, on the mining licenses issued, or claims recorded.

One of the measures which ought to engross the attention of the next Legislature is a system of assisted white immigration for the purpose of supplying help to replace that class conceded by nearly all to be objectionable.

Believing that the true interests of our Province are general, and not local, I am in favor of the Legislature assisting the establishment of a ferry from the termini of the Canadian Pacific Railway to the Island, knowing that in its accomplishment the mainland would not be injured; at the same time the Island undoubtedly would be benefited.

The encouragement of manufactures, ought, under all circumstances, to receive the best attention of the new House so that employment at home may be had for both old and young.

The Alaska boundary ought to be established and fixed so as to prevent complications in the future, which could be done most satisfactory and at less expense to both countries if a general average line between several points were agreed upon. An agreement could be more easily arrived at now than at a time when valuable international interests may crop up.

Generally, the particular interests of the district, as well as those of the whole province, if elected, shall at all times claim my best attention and endeavors.

Yours, very respectfully,

JOHN GRANT.

Esquimalt District.

Messrs. HELGESEN and HETT

Will be Candidates for Esquimalt District, at the General Election, in opposition to the present Government.

TO THE ELECTORS OF THE

City of Victoria

GENTLEMEN—

The Legislative Assembly having been dissolved, I again respectfully solicit your suffrages. I consider that the record of the Smithe administration must condemn it in the eyes of all thinking men. Assuming office, as they did, when the province was in a prosperous financial condition, and when railway construction and the opening of railway communication with the Northern Pacific coast was attracting population to our shores, and when a firm defence of the rights of the province would have brought about a final and satisfactory settlement of our just claims against the Federal government—they have in the short space of three and a half years, during which they have held office, relinquished our rights; sold and given away the property of the province, illegally borrowed, and squandered money; and brought the country to the verge of that disaster which prevailed when Mr. Smithe was removed from the position of Finance Minister eight years ago. The government boast that the revenue has largely increased under their management; an analysis of the figures show that the increase is due to the sale of the graving dock; the sale of lands; the tax collected from men temporarily employed upon the railway; and the forfeiture of McNamee & Co's deposit of nearly $12,000 on account of the dock contract. It is needless for me to point out that such sources of revenue cannot be relied upon in the future.

The fact was disclosed at the last sitting of parliament that the salaries of ministers, of the civil servants, of the school teachers, and the grants to charitable institutions, were paid and the general business of the country carried on only through the courtesy of the manager of the Bank of British Columbia in honoring the Finance Minister's cheque, against which there were no funds to draw, and, as you will remember, the Legislature was asked to, and did sanction the issue of $300,000 in provincial bonds to meet the overdraft.

As I deem it to be the duty of a candidate to meet the electors upon a public platform in order to explain his views, I shall take an early opportunity to do so, assuring you that if elected I shall endeavor to advance the interests of this city and of the province generally.

ROBERT BEAVEN.

June 15, 1886.

TO THE ELECTORS OF

VICTORIA CITY!

GENTLEMEN:—

I am again before you on the same side that I upheld about one year ago, when you gave me a most generous support.

If you confer on me the honor of electing me as one of your representatives I shall favor, to the best of my ability, a progressive and judicious policy, thereby endeavoring to avoid the business stagnation only too plainly existing at present, and shall favor the following measures:

Every possible encouragement to aid in opening up our mineral wealth and the prospecting of the country;

To make the laws in relation to members of the Legislature more stringent, so far as relates to members having any direct or indirect connection either through relations or friends, with government contracts, of any kind whatever, and by this means purify our legislative halls of every appearance of members taking advantage of their official position to further their own ends.

Laws for the protection of the tradesman and mechanic, whereby they can speedily recover small debts without appealing to the tedious process of the County Court.

I shall support all measures tending to the advancement and assistance of the toiling masses in every possible way, consistent with a just and honest course of action. Being a hard worker myself, I may possibly have a better knowledge of the wants of the workingman than those who do not labor with their hands.

Fair and square dealing with the government tenders for work, whereby all men, carpenters bricklayers or whoever they may be, shall have their tenders honestly and fairly dealt with, giving all men in the matter of tendering for government contracts a fair and equal chance with each other.

Equalization of taxation in every possible way;

To give every reasonable encouragement towards the projected building of a line of railway to North Saanich, provided the stipulated understanding is carried out that the rates of fare and freight are to be controlled by the people through legislative action, and with a further understanding that the said railway shall at any time become the property of the people of British Columbia, whenever they wish to pay a reasonable and fair price for acquiring the ownership of the said road, with a view of operating it as a government undertaking.

The erection of a large and stately building on the present old gaol site, shall receive my best support.

That all Jurymen shall be properly paid for loss of time.

To simplify the laws in relation to voting, so that all men, especially the working classes, shall be quickly and without delay and loss of time from their labor, placed on the voters lists. By this means they will have a vote, and control such legislative action, both on the Chinese question and all other questions relating to labor, as their numbers and influence justly entitle them to.

There are many other matters of great public utility that should be speedily introduced, all of which shall receive my careful attention.

If I am favored with your suffrages I shall work for your interests without any consideration of personal gain, beyond the honor you will confer on me in electing me as your representative, with the distinct understanding that if elected I shall support the opposition to the present Government, as I consider those in power are not entitled to the confidence of the people of the province at large, and more especially those resident in the important district of Victoria City.

I am, gentlemen, yours respectfully,

R. T. WILLIAMS.

TO THE ELECTORS OF

VICTORIA CITY.

GENTLEMEN:—

Having been requested by a number of my friends to become a candidate for Victoria City at the approaching Provincial election, it affords me much pleasure to accede to their request.

In accepting the nomination I wish to state that I am in opposition to the present Government. In stating so I have to say that no matter which side a measure may emanate from, that will confer the greatest good on the largest number, will always have my support.

I shall carefully study the interests of Victoria City and those of the Province in general.

At the first public meeting called by my friends I shall there explain my views more fully to the public.

I have the honor to be,

In acceding to the request of a number of voters to place myself in nomination to represent the City of Victoria at the coming Election, I beg to state that I am opposed to the present Government, and will only give my support to measures which, in my opinion, will be calculated to be for the good of the country at large.

I shall take the opportunity as early as possible, to lay my views more fully before you.

TO THE ELECTORS OF

VICTORIA CITY.

GENTLEMEN:

Having been solicited in a largely signed requisition to offer myself as a candidate for Victoria City at the approaching Provincial Election I have the honor to announce my compliance with the request.

In soliciting your votes and interest I have to state that I come forward as a supporter of the present Government, being quite satisfied that their policy has been beneficial to the Province.

If returned I shall give my support to every measure, emanating from whatever source, which has for its object the promotion of the welfare of this district and the province in general.

TO THE ELECTORS OF

Victoria City District.

GENTLEMEN,—In soliciting the honor of your suffrages at the coming election, I do so at the request of a large number of voters.

I am in sympathy with the policy of the present Government, and so long as they continue to administer the affairs of the Province as heretofore they shall, if you do me the honor of electing me, receive my support.

As the same time, I wish it to be distinctly understood that I shall reserve to myself the privileges of studying what I may consider to be your interests before that of any party policy. At a public meeting to be held shortly I shall be happy to meet you and there express my views more fully.

I have the honor to be, Gentlemen,

Yours respectfully,

TO THE ELECTORS

OF THE ELECTORAL DISTRICT OF

VICTORIA CITY.

GENTLEMEN:

For a second time I am a Candidate for a seat in the Legislative Assembly of British Columbia.

In asking your suffrages, I can, I think, refer with confidence to my course as one of your representatives during the last four year.

It would be out of place now to enter into details respecting the votes I have given on the various measures brought before the House, beyond this, that I was actuated at all times and and upon all measures by the sincerest desire to serve the best interests of our Province according to my judgment: and should you do me the honor to return me again, the progress and welfare of British Colombia will be my first object, and I shall command my best exertions.

I shall take the opportunity of addressing you in Public meetings upon political topics when I shall endeavour to fully explain my views upon the issues of the day.

To R. Dunsmuir, Esq. M.P.P.

THE UNDERSIGNED, Electors and residents of Nanaimo District, wishing to be represented in the Provincial Parliament by gentlemen who we feel have the general welfare of the Province at heart, and believing from the large interests you have amongst us that your services will be of much value to this constituency, hereby request that you will allow yourself to be nominated as a candidate for the representation of this district at the next election, and we pledge ourselves to use our utmost endeavors to secure your return.

REPLY.

VICTORIA, 25th May, 1886.

TO MESSRS. J. WEBB, J. PARGETER, W. AKENHEAD and others.

GENTLEMEN,—Until the receipt of your numerously signed requisition it was not my intention to become a candidate for your district, for I felt that you might consider my time was so thoroughly occupied with my own business affairs that your interests could be better entrusted to other hands than my own. I cannot, however, disregard the requisition you have so kindly sent me, recognizing therein that whatever has been lacking in my effort on your behalf you credit me in the past with good intentions, and express confidence as to my conserving your interests in the future. I cannot afford to refuse compliance with the wishes of so many who are residents of a district in which I have spent the best portion of my life and in which they and myself have a common interest. I therefor heartily thank you for the nomination and cheerfully accept it, and if elected I shall do my best to promote the wellbeing of your constituency.

I believe that the Government which I have supported during the past four years has materially advanced the prosperity of the Province, and while their efforts are continued in the same direction, I shall, if elected, render them independent support, believing such a course will be in the best interest of the country and in accordance with the view of the great majority of the whole people.

TO THE ELECTORS OF

Victoria - District.

GENTLEMEN—

I am, as already announced, a candidate to fill the important position as one of your representatives in the Provincial Legislature, and I therefore respectfully solicit your support and confidence.

In order to obtain this it is doubtless necessary to indicate my opinions on the important political issues of the day.

In this address I shall only briefly allude to some of the most important questions now before the country, leaving the more detailed discussion for the meetings about to be held in various parts of the district.

I am opposed to any further alienation of Crown lands, which has been carried on to such an alarming extent by the present government.

The Settlement and Kootenay Bills and Coal Harbor extension transaction, I condemn, as being in many respects prejudicial to the best interests of the province.

If elected I shall use every effort to secure efficiency, consistent with economy, in the expenditure of the money appropriations for the roads in this district, and honestly endeavor to have all parts of the district treated in a just and impartial manner.

The Indian affairs of the province require some attention, as they are at present in a somewhat unsatisfactory condition.

This being essentially a farming district, and as I am identified with that pursuit, to a considerable extent, therefore be assured that, if honored with your choice, I shall lose no opportunity of advancing the agricultural interests of the province in general, and of this district in particular.

And now, gentlemen, in conclusion, I wish it to be distinctly understood that although in opposition to the present government, all measures consistent with the best interests of my constituents, shall receive the hearty support of my voice and vote, emanate from which side they may.

I have the honor to be, gentlemen, yours respectfully,

JOHN SLUGGETT.

To Unfortunate Settlers on Island Railway Lands.

Seeing that an article entitled "to settlers on Island Railway lands" has occupied a prominent position in your paper for some time past, we beg leave to reply. The Settlement Act provides that all railway lands shall be open for four years to actual settlers for agricultural purposes in sections of 160 acres at $1 per acre. This, the above Act guarantees to settlers. The declaration made by R. Dunsmuir, President of the Company, would lead any one to suppose that they have been fulfilling all the requirements of the law, and not withholding said lands from actual settlers. This is not the case. The undersigned have been on said lands for various periods—all actual settlers—and cannot get any acknowledgment of their rights by the corrupt Smythe Government, or the Government boss. R. Dunsmuir, who has threatened to spend $10,000 to drive us from the land. Things are coming to a fine pass if Crocker's gold can corrupt the Minister of the Interior, the Minister of Justice and the Smithe Government, in defiance of both the letter and spirit of the law. From his (Dunsmuir's) past actions we can only judge what to expect in the future—who has abused the power placed in him by his constituents is not worthy to be trusted a second time. Is Mr. Dunsmuir able to get this act of injustice as easily legalized as his deviations from the terms of the Island Railway contract.

DR. VANMONCISCAR has made the treatment of Private Diseases of Men a special study and practice for many years. Over 3000 cases treated yearly. Private diseases cured in a short time. Ulcers, Humors and Blotches on Face or Body cured without giving Mercury or other Poisons. Mercury is the curse of the human race. Your children will suffer from its effects. Avoid it as you would avoid any deadly Drug, and use no more. These diseases are being cured at this Dispensary without Mercury.

DR. VANMONCISCAR

is a graduate of a regular Medical College, well known over the United States and Canada by

Thousands of Old and Young Men he has Cured,

and it is a well known fact that for years he has confined himself to the study and treatment of sexual and Chronic Diseases, thus giving him advantages now possess. Dr. Vanmoncisear addresses himself particularly to those who have already tried various physicians and remedies from whom they have received no benefits, and who, in fact, have done them more harm than good. Medicine, like all other sciences, is progressive, and every year shows proof of its advances. By a combination of remedies of great curative power, Dr. Vanmoncisear has so arranged his treatment that it will afford not only immediate relief, but permanent cures.

YOUNG MEN

who are suffering from the effects of youthful indiscretions showing some of the following symptoms: Nervous and Physical Debility, Impotency (incapacity), Lost Manhood, Abuses of the system, Exhausted Vitality, Confusion of Ideas, Dull and Loss of Brilliancy to the Eye, Aversion to Society, Despondency, Pimples on the Face, Loss of Energy, and Frequency of Urination. You may be in the first stages, but remember you are fast approaching the last. Do not let false pride and false modesty deter you from attending to your ailments. Many a bright and naturally gifted young man, endowed with genius, has permitted his case to run on and on, until remorse racked his intellect, and finally death claimed its victim. Remember that "Procrastination is the thief of time." So lay aside your pride, and consult one who thoroughly understands your ailment, and who will know your case, and find permanent relief for an almost that has made day a tragedy and night hideous. Thousands upon thousands of men in good standing in the social world, of prominence in the world are to-day suffering from the fruits of their doings, the seeds of which were sown during moments of thoughtlessness. Young men here and pass upon the question, or seek the mirror for proof to substantiate the fact—the mind be tainted the arm of Fate, or had he his life to live again, then I could not speak to you more sincerely. Let yourmind wander back to the much cherished counsels of a loving father, and remember what you are to-day. Although you may for the present fill you station in society, the time is as inevitable as fate when your brilliancy will, like a flash, depart, leaving you a stranded wreck—desolate, forgotten and lost; so embrace the opportunity and enjoy life and happiness longer. If you claim to be a man, act your part manly. Do not console yourself with the thought that Nature will help itself, for in doing so you not only fan the flame, but wreck Nature and yourself; remember, "Large oaks from little acorns grow." Little ills germinate fatal diseases.

Middle-aged Men,

married or single, who from any cause are prematurely old, as a result of excesses or youthful follies, and who are troubled by too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and sediment or a cloudy appearance, causing nervous debility and loss of Vitality. Remember, this is the second stage of Seminal Weakness. In all such cases a perfect cure is guaranteed, and a perfect restoration of the Genito-Urinary Organs. All interviews and letters are sacredly confidential. Home treated so as not to excite curiosity, and sent by express, if you desire, free of charge. Medicines sent to any part of the world. Patients treated by cure or mail. Call early and avoid crowds. Office hours: 9 A. M. to 6 P. M. Sundays, 10 A. M. to 2 P. M.

—We are delighted to agree with our morning contemporary occasionally, and when it calls a correspondent of the *Globe* an "idiot," we are almost prepared to endorse the strong language. The only truthful reference was to the custom of speaking of Canadians. The *Colonist* itself sometimes call them "importations" from Canada. The other allusions were evidently only intended for humor, or "sarcasm." If really intended as a statement of fact, the writer when here was the "champion liar in B. C."

AMUSEMENT NOTES.

The coming week will be one of enjoyment and holidays, in which the ball will be set rolling to-night.

For those of a literary taste the elocutionary entertainment of Miss Lola Collin in the First Presbyterian Church this evening will be a treat.

At Agricultural Grounds the Queen City band will have a gay time. A display of fireworks, balloon race and dancing is the programme.

Monday afternoon the Portland and Amities will come together on Beacon Hill in a game of base-ball. The Portland's are strong and will give the Amities a good deal to do to vanquish them.

Monday night the Operatic Society will give the Chimes of Normandy at the theatre for the benefit of the Vancouver sufferers. The cause is worthy, so crowd the house.

Monday evening the Olympic club will give a social dance to the Portland base ballists and their friends at the Theatre Comique. The Triumph's band will be in attendance and everything points to a success.

Tuesday and Wednesday evening M. B. Curtis will appear at the Victoria; Thursday the Artillery picnic will take place and Saturday will wind up the festivities with the Scotch gathering.

THE QUEEN CITY BAND.

Victorians and the public generally to show a full appreciation of our native musical talent should attend the Agricultural Grounds this evening *en masse* to witness the athletic exhibition and give The Queen City Band well merited assistance in the purchase of their uniforms. The band is comprised entirely of local talent, to the manner born, and during the evening an excellent programme of music will be performed. The street parade takes place at a quarter to seven o'clock and the ballon race at ten. With fine weather the grounds and the environs will doubtless be thronged. The band has done a good deal without remuneration on many occasions and the opportunity is now afforded to give some substantial recognition.

SWEET CHIMES AGAIN.

On the evening of Coronation Day, next Monday, the members of the Victoria Dramatic and Operatic Society have nobly volunteered to repeat the beautiful opera of The Chimes of Normandy, so successfully presented by them some time ago at Victoria Theatre. On this occasion the proceeds of the entertainment will be devoted towards the alleviation of the sufferers from the Vancouver City fire, and to give the performance *eclat* Admiral Sir Calme-Seymour and His Honor the Lieut.-Governor have extended their parontage. A very large audience will be present, and to secure the best seats they should at once be reserved at C. Lombard & Co.'s music store, Government street.

"SAM'L OF POSEN."

Mr. M. B. Curtis in his world-renowned and successful character of "Sam'l of Posen," will appear at the Victoria on Monday and Tuesday evenings. The comedy-drama is a well-known character sketch in which Mr. Curtis has ample room to display his versatility, and he gives a perfect representation of the Polish Jew with all his push and shrewdness. His make-up and dialect are exceedingly good, and the comedy runs along at a lively rate to its close. It is not a one-part play. Mr. Curtis has surrounded himself with a strong company of people whose parts are good foils to the leading role. There is an immense amount of fun in the play when Sam'l of Posen—Mr. Curtis—is on the stage.

PROVINCIAL HORTICULTURE.

The Y. M. C. A. will hold a horticultural exhibition early in August. It is a wonder that exhibitions of such interest combining care, culture and beauty, have not long ere this become annual events, not only for any particular society's benefit, but for the general enjoyment and floral education of the city and province at large. Some time since Mayor Fell suggested that Victoria should have an annual horticultural show, but there was a lamentable apathy then exhibited which it is to be hoped will be now supplanted by some general movement imbued with energy and method.

THE LAST STONE.

The last stone in the body of the dry dock was laid this morning by Larkin, Connolly & Co., the contractors. There is a large amount of work still to be done before the dock is finished, and it will not be ready for the reception of vessels before the beginning of next year. The caisson will be supplied by a Montreal firm, who have until that time to finish their contract. The rapidity with which this great work has progressed since Larkin, Connolly & Co. took hold of it is the best evidence of their competency as contractors.

OPPOSITION MEETING TO-NIGHT.

All friends of good government, and consequently all who are adverse to the past policy of the Smithe government, are reminded of the Opposition Meeting which will be held at Philharmonic Hall this evening. The meeting is called by Messrs. Beaven, Williams, Wriglesworth and Lipsett, pronounced opponents of the present government, and they extend a hearty invitation to all who have the true interests of British Columbia at heart to attend the Philharmonic. The chair will be taken at 8 o'clock.

FOR SAN FRANCISCO.

The following were amongst the passengers who sailed for San Francisco per steamship Mexico to-day: Ada Stanhope, Miss Seymour, Miss Cohen, Geo Lawrie and wife, J Brown, wife and child, J Camfield and wife, R Withers, C B Stevens, W C Crosbie, Wm Smith, R W Lymer, Mrs Farquharson, Miss and Master Farquharson, William and Joseph Tegethoff, Thos Baker, R W Turner, Miss M R Davidson, Miss Mockler and 15 in the steerage.

A REAL CONSPIRATOR.

Advices from Paris state that the French radical press point to the Count of Paris' manifesto as a proof of the dangerous character of the man as a resident of the republic. They say the manifesto completely unmasks his real character as a conspirator. Three of the state councillors and Count de Bourlates, third secretary of the French Embassy at London, have resigned because of the expulsion of the princes. The Queen has telegraphed an expression of sympathy to the Count.

HANLAN AND HOSMER.

A dispatch from Quebec states that in the sculling match which took place there on Friday Hanlan beat Hosmer by a half a length. The race must have been an exciting one for Hosmer turned the stake 14 seconds ahead and Hanlan just managed to catch him up and pass him on the pull home.

BAPTIST CHURCH.

Services will be held to-morrow at the usual hour. In the evening the subject of the sermon will be "Lessons From the Vancouver Fire."

—Geo. Byrnes' grand auction sale of groceries, etc., has been postponed to July 5th.

—Mayor Fell this morning received the sum of $30 from the Blue Ribboners, as that society's contribution to aid the Vancouver sufferers.

VICTORIA CITY DISTRICT.

An Enthusiastic Meeting at North Saanich Last Night.

The electors of North Saanich met at the Institute on Friday night, in response to the call of the government candidates. The chair was occupied by Mr. D. McDonald, and Hon. T. B. Humphreys was the first speaker, and was well received. After referring to his defeat at the last election for which he blamed himself, he said he was in quite a different situation now, and did not care a button for any office in the gift of the government. He contrasted the present and former land laws, and showed that under the latter a settler could get 160 acres free grant while now they were charged $1 per acre, while monopolists and speculators are parcelled out big blocks for nothing. He said that if Mr. Anderson's ideas were carried out, and every company that applied were given large tracts of land, it would for years bar out the men of muscle. The speaker was well received and on assuming his seat was loudly cheered.

Mr. Anderson was out of ammunition and repeated his South Saanich speech.

Mr. Sluggett said he knew he would again be misrepresented by the *Colonist*. It was Mr. Anderson who alluded to the rats on the West Road, which were miles away from his house. He was opposed to stirring up strife between the two roads, and only asked that the money be expended judiciously. He condemned the give-away policy in scathing terms and explained that the true policy was to preserve the crown lands till the actual settler came to occupy them. He advocated the education of Indian children and closed an excellent address by soliciting the support of the electors.

Mr. John was a man of few words and proved it.

After some remarks from Mr. Mills, a vote of thanks to the chair brought the meeting to a close.

SIR JOHN'S VISIT.

Although the exact date of Sir John Macdonald's departure from the capital on his great transcontinental tour has not been positively fixed, sufficient is now known that it is his intention to leave during the first week in July. Lady Macdonald has preceded the Premier, and with Mrs. Dewdney is on her way to Regina, where she will remain until the arrival in the Northwest of her husband. She will then accompany him to this coast. In political circles it is said that the warm feeling of personal attachment existing between Lady Macdonald and Mrs. Dewdney, and the influence his wife possesses over Sir John, augurs favorably to Mr. Dewdney receiving the appointment of Lieut.-Governor for this province. Senator Nelson's friends and they are very numerous throughout this province, as well as in the East—are sanguine that the race will yet be his, and that Sir John ere deciding the matter will sound the pulse of public opinion in this province on the subject during his visit next month. It is evident there will be no haste in making the choice.

VANCOUVER SUFFERERS.

From all points in the East comes the gratifying intelligence that steps were being taken to extend relief to the sufferers and those rendered destitute by the recent conflagration at Vancouver. Toronto was the first to respond, and right nobly she did it. The press of that city was most sympathetic in its reference to the sad calamity, Montreal responded by sending a contribution of $3000. Other cities and towns are yet to be heard from. It is now evident that whatever money can do to relieve the living will undoubtedly be given by the sufferers' fellow Canadians. A fellow feeling makes us wondrous kind to each in the hour of affliction.

The Ontario government have forwarded $2500 to Mayor McLean.

SEATTLE HEARD FROM.

Seattle sent to-day 123 miscellaneous packages of articles most useful to the sufferers, comprising groceries, drugs, fruit, etc., direct from the corporation of that city. The consignment will be forwarded to Vancouver to-morrow at noon per steamer Princess Louise.

AN UNWARRANTED ASSAULT.

Ex-Mayor John Leary of Seattle, formerly of the law firm of McNaught, Leary & McNaught, was ferociously assaulted yesterday in that city by a young man named Shirley Hyde, who waited for him near the First National Bank. The assailant, with an oath, felled Hon. Mr. Leary to the ground, kicked him savagely and commenced to cowhide him. Hyde was at once arrested and held in the sum of $500 to appear for the grand jury at the next assizes. The cause assigned for the assault is that Mr. Leary had voted against Hyde being admitted to the membership of a select fishing club organized some few years ago. Hon. Mr. Leary is well known in Victoria and has a large circle of friends here.

A FLOATING PALACE.

The magnificent steamer Yosemite, after her overhauling presented the appearance of a floating palace, as she was lying at the wharf of the C. P. N. Co. At 1 o'clock this afternoon she had got up steam, and Chief Officer Leach had the lines of the vessel in readiness to throw off for a trial trip to test her increased speed, which will be brought into requisition just as soon as the first through train over the Canada Pacific arrives at Port Moody. In point of speed she will indeed be hard to beat. In her new appointments she is now fit for a vice-regal or any other distinguished party.

IMPORTANT ANNOUNCEMENT.

We wish to call special attention to a nice assortment of millinery and straw goods now being opened which will be found of the latest styles and most fashionable colors. Also to a variety of new dress materials plushes, laces, mitts, gloves, etc. These goods comprise the latest novelties in the market, and were selected personally by Mr. E. White, and are marked at prices that will insure a speedy sale.

Brown & White.

PORTLAND CONTRIBUTING.

Alderman Hemlow, was in Portland this week and laid the position of the sufferers at Vancouver before Mr. C. H. Dodd, Vice-President of the Board of Trade. A special meeting of that body was immediately convened, as I was one of the largest ever held. An influential committee was appointed to canvass for subscriptions and as great sympathy is felt for the distressed people, Portland's gift will undoubtedly be a generous one.

St. Andrew's and Caledonia Society will hold a committee meeting this evening to complete arrangements for the "gathering of the clans."

The elocutionary entertainment to be held in the First Presbyterian Church school room this evening will be varied with musical selections. The California press are as one in according Miss Collin well merited praise. A good evening's entertainment is promised on this occasion.

On many occasions the city press have shown defendants in the police court considerable leniency. For such consideration many have been grateful, while others treated the matter in such a spirit of ingratitude as to almost make it obligatory hereafter to give the cases in detail. Thus an act of kindness unappreciated may be the means of causing much annoyance to parties deserving of sympathy.

PERSONAL MENTION.

Miss Pugh arrived here to-day from Puget Sound on a visit to friends in this city.

Mr. and Mrs. Edward Phelps arrived by the Rithet this afternoon from Mayne Island.

Mrs. Thomas York, one of the early pioneers of Sumas, is at present an inmate of St. Joseph's Hospital in this city, undergoing treatment for affliction affecting the head and her eyesight. Her many friends are anxious about her health. Mrs. York gave birth to the first white male child born in the Fraser river district, Mr. Fraser York, now a prosperous industrious farmer in Sumas.

Mr. F. H. Anson, of Minneapolis, the Northwestern passenger agent of the Wisconsin Central paid a flying visit to the North Pacific metropolis to-day. He reports the probabilities of an excellent harvest as encouraging. The C. P. R. is making sad havoc amongst the Northwestern railways and their eastern traffic. Receipts in consequent are falling off enormously.

Passengers by the North Pacific: Miss Woodard, Dr Davis, Miss Brewster, Mrs Levy and son, F Hanson, J Spade, S J Barnum, L Harding, Miss R A Smith and dtr, H Estus, J Lunday, Mrs. Canfield, Judge Hall, B A Buckley, Miss G A Buckley, J F Gardner, Miss Hooper, A Hooper and wf, W Bodie, F Stephens, E McDougall and wf, Mrs Nuttall, Mrs N Fullerton, G F Campbell, H C Graham & wf, E Davie, B Subernishi, Miss Pugh, Miss Buckley.
